

Amendments/Clarification to RFP#2020-01: Career Center Operations/Service Provider

On page 25, the current MassHire Franklin Hampshire Career Center is <https://www.masshirefhcareers.org/>.

On page 4, Employer Services states that the bulk of employer services are delivered through state staff funded by Wagner Peyser. This is an error as employer services costs have been split between Wagner Peyser funds and WIOA funds.

Page 52 and page 74 (Evaluation Criteria), it states that two previous monitoring reports should be submitted with the application. The submission of two previous monitoring reports is OPTIONAL. Any monitoring reports submitted should have MOSES IDs and any other personal identifying information redacted.
